Experience

2019-02 - present

Encube Fablab
TRAINEE
☐ At encube lab we take workshops for student so that they can learn new technologies.
☐ Encube lab teaches student how to innovate things by changing thinking process and we also work on our development and learning.

2019

AIOC Hackathon
MENTOR
☐ AIOC Hackathon held at indore was great collaboration for doctors and engineers.
☐ We had to make product on the basis of problem statement by doctors and show them how engineering concepts can help in bio technologies.

2018

Silver Oak COLLEGE
VOLUNTEER
☐ Had an experience of managing and conducting technical and non-technical events.

Teaching

4-H
4-H is an international organization for school students.
In that we had to teach school students about new technologies and help them with there problems.
We had to help them in all possible ways to develop there personal growth.

Education

2018-05 - present

Silver Oak College
Pursuing BTECH in Computer Engineering

St Ann's
High School

Certificates

Certification of Cscu

Certification of Scsu

Certification of Zero2Maker

Interests

IOT

Machine learning

Web Development
